

**CONVOCATION NOTICE FOR THE 117TH
ORDINARY GENERAL MEETING
OF SHAREHOLDERS**

This is a translation of a notice in Japanese
circulated to Japanese shareholders.

KUBOTA CORPORATION

OSAKA, JAPAN

To: Shareholders

**CONVOCATION NOTICE FOR
THE 117th ORDINARY GENERAL MEETING OF SHAREHOLDERS**

Dear Sirs:

Notice is hereby given that the 117th Ordinary General Meeting of Shareholders of Kubota Corporation will be held as described hereunder. Your attendance is respectfully requested.

Date and Time: 10:00 a.m. on Friday, June 22, 2007
Place: Convention Hall of Kubota Corporation
2-47, Shikitsu Higashi 1-chome, Naniwa-ku Osaka, Japan

Matters for which the meeting is held:

Matters to be reported:

1. Business report for the 117th period, the consolidated financial statements and the non-consolidated financial statements for the 117th period (from April 1, 2006 to March 31, 2007)
2. The results of the audits of the consolidated financial statements by the Independent Auditors and by the Board of Corporate Auditors

Matters requiring resolutions:

1st Subject for Discussion:

Matters concerning election of 21 Directors

2nd Subject for Discussion:

Matters concerning election of 2 Corporate Auditors

3rd Subject for Discussion:

Matters concerning bonus payments for Directors

If you are unable to attend the meeting, the Company cordially requests that you study the referential materials annexed hereto, indicate your approval or disapproval of the proposals on the enclosed form of the voting exercise card with your signature thereon and return it to us.

When you attend the meeting, please present the enclosed form of the voting exercise card at the reception desk of the meeting.

If the Company amends the referential materials for the matters to be reported, the Company will release amendments of them on its website. URL: http://www.kubota.co.jp/ir/english/sh_info/convocation/index_open.html

Yours very truly,

幡掛大輔

Daisuke Hatakake
President and Representative Director
KUBOTA CORPORATION
2-47, Shikitsu Higashi 1-chome,
Naniwa-ku Osaka, 556-8601 JAPAN

REFERENTIAL MATERIALS FOR THE MATTERS TO BE REPORTED AND THE 1ST SUBJECT FOR DISCUSSION

Business Report for the 117th Period (from April 1, 2006, to March 31, 2007)

I. Item of Overview of Operations

(1) Review of Operations

1) General Condition of Kubota Corporation and its subsidiaries

Driven by expansion in overseas business activities, Kubota Corporation and its subsidiaries (hereinafter, “the Company”) continued to report a robust performance for fiscal 2007, ended March 31, 2007. Operating income, which is the best measure of the Company’s earning power, moved to record levels for the third consecutive fiscal year. Overseas, we expanded the scope of our business activities by introducing new products meeting customer needs, principally in the Internal Combustion Engine and Machinery segment, and implemented aggressive measures to further develop our position in Asia outside Japan. In the domestic market, demand was relatively weak, but we secured profitability by continuing to reduce costs and increase productivity. These management efforts in Japan and overseas enabled Kubota to report growth in both revenues and profits for the fiscal year under review.

The Company reported consolidated revenues of ¥1,127.5 billion, an annual increase of ¥61.7 billion (5.8%), in fiscal 2007. Although revenues in Japan declined slightly, overall expansion was driven by continued major growth in overseas revenues, especially sales of tractors, engines, and construction machinery. As a consequence, the ratio of overseas revenues to consolidated revenues rose 5.8 percentage points, to 46.5%.

Operating income climbed ¥9.3 billion (7.7%), to ¥130.3 billion, from the prior year, the highest level in the Company’s history. By segment, operating income in Internal Combustion Engine and Machinery expanded substantially, supported by the increase in revenues and the positive effect of the weakening of the yen. Pipes, Valves, and Industrial Castings also reported a gain in operating profit, owing to continued cost-cutting, including reductions in fixed expenses, and higher revenues in overseas markets. Environmental Engineering, however, posted a substantial decline in profitability and reported an operating loss accompanying the decline in sales prices. Operating income in Other, however, showed steady expansion, as a result of increased sales of vending machines and other products.

Notwithstanding the rise in operating income, income from continuing operations before income taxes, minority interests in earnings of subsidiaries, and equity in net income of affiliated companies decreased ¥9.0 billion (6.4%), to ¥131.6 billion. This decline was due to the absence of the gain on an exchange of shares of ¥15.9 billion reported in the prior year. After deductions of ¥49.0 billion in income taxes (representing an effective tax rate of 37.2%), ¥4.9 billion of minority interests in earnings of subsidiaries and equity in net income of affiliated companies, and a ¥1.3 billion loss from discontinued operations, net of taxes, net income decreased ¥4.6 billion (5.6 %), to ¥76.5 billion from the prior year.

2) Review of Operations by Industry Segments

(a) Internal Combustion Engine and Machinery

Revenues in Internal Combustion Engine and Machinery were ¥746.8 billion, 10.8% higher than the prior year, comprising 66.3% of consolidated revenues. Domestic revenues decreased 4.1%, to ¥258.3 billion, and overseas revenues increased 20.7%, to ¥488.5 billion. This segment comprises farm equipment, engines and construction machinery.

In the domestic market, sales of farm equipment declined because of lackluster market conditions. In the domestic market for farm equipment, new government agricultural policies have been introduced, and the implementation of these measures is resulting in structural changes within the agricultural sector, leading to a postponement of equipment purchases, principally among medium-sized farms. Within this operating environment, to revitalize the market, Kubota implemented sales expansion policies carefully tailored to various customer groups and was able to increase its market share; however, these efforts did not compensate for the market slump. On the other hand, sales of construction machinery significantly rose due to steady demand for construction machinery, introduction

of new models, and expansion of sales to major machinery rental companies. In addition, sales of engines, mainly to manufacturers of construction and industrial machinery, showed steady expansion.

In overseas markets, sales of tractors, the Company's core product, expanded steadily. In the United States, sales of medium-sized tractors showed marked expansion accompanying the introduction of new models, while sales of small-sized tractors weakened along with the slowdown in housing starts. In Europe, sales of tractors showed strong expansion as the Company introduced new products and implemented an active marketing program. Moreover, in Asia outside Japan, sales of tractors sustained a high rate of growth in Thailand, where demand for tractors is expanding rapidly.

Sales of construction machinery reported steady expansion in Europe, the principal overseas markets of construction machinery, along with rising demand and the introduction of new products. Sales of construction machinery in North America also increased. In addition, sales of engines in Europe and the United States grew steadily, and sales of combine harvesters in China increased rapidly.

(b) Pipes, Valves, and Industrial Castings

Revenues in Pipes, Valves, and Industrial Castings were ¥194.2 billion, 2.4 % higher than the prior year, comprising 17.2 % of consolidated revenues. Domestic revenues decreased 2.2 %, to ¥163.4 billion, and overseas revenues increased 36.7 %, to ¥30.8 billion. This segment comprises pipes, valves and industrial castings.

In the domestic market, demand for ductile iron pipes and plastic pipes was lackluster, but the Company was able to slightly increase sales of plastic pipes by raising prices, while sales of ductile iron pipes declined marginally. Sales of industrial castings expanded, mainly to the private sector, such as the steel and energy industries, but sales of products to the public sector fell sharply.

In overseas markets, exports of ductile iron pipe to the Middle East were robust, and sales of industrial castings continued to increase significantly, owing to high levels of private-sector capital expenditures.

(c) Environmental Engineering

Revenues in Environmental Engineering were ¥90.6 billion, 17.5% lower than the prior year, comprising 8.0% of consolidated revenues. Domestic revenues decreased 17.6%, to ¥86.5 billion, and overseas revenues decreased 16.8 %, to ¥4.1 billion. This segment comprises environmental control plants and pumps.

In the domestic market, the operating environment continued to be extremely challenging because of the decline in public-sector demand and the drop in sales prices accompanying more intense competition. In addition, the suspension of designating pre-approved suppliers that resulted from compliance issues had a major negative impact. As a result, the Water & Sewage Engineering Division and Pumps Division suffered substantial declines in revenues. Overseas revenues also declined due to a decrease in sales of pumps, which is the main export product in this segment.

(d) Other

Revenues in Other were ¥95.8 billion, 4.1% higher than the prior year, comprising 8.5% of consolidated revenues. Domestic revenues increased 4.9%, to ¥95.3 billion, and overseas revenues decreased 60.0%, to ¥0.5 billion. This segment comprises vending machines, electronically equipped machinery, air-conditioning equipment, construction, septic tanks, condominiums and other business.

Sales of construction fell sharply because of the Company's realignment measures, including discontinuance of receiving orders from the public sector as an original contractor. Sales of vending machines, condominiums and air-conditioning equipment increased favorably, while sales of electronically equipped machinery and septic tanks declined.

Revenues by Industry Segment

	<u>Revenues</u> (in billions of yen*)	<u>Percentage</u> <u>Change</u>	<u>Percentage of</u> <u>total Revenues</u>
Internal Combustion Engine & Machinery	746.8	10.8 %	66.3 %
Pipes, Valves, and Industrial Castings	194.2	2.4	17.2
Environmental Engineering	90.6	(17.5)	8.0
Other	95.8	4.1	8.5
Total	1,127.5	5.8	100.0

(*) The amounts have been rounded off to the nearest ¥0.1 billion.

3) Capital Expenditures

The Company made capital expenditures totaling ¥44.7 billion during the fiscal year under review, including investments for the expansion of production capacity in the Internal Combustion Engine and Machinery segment and land.

4) Financing

Financing for capital expenditures was obtained mainly from the Company's internal resources, but along with the increase in finance receivables accompanying the expansion of business activities in the United States, necessary additional funding was obtained mainly from borrowings.

(2) Management Issues upon which the Company should Implement Countermeasures

To achieve further development and steady increases in enterprise value, the Company is actively addressing the following management issues.

(1) Accelerating the Expansion of Internal Combustion Engine and Machinery in Overseas Operations

The Company is allocating management resources to the overseas operations of Internal Combustion Engine and Machinery on a priority basis to expand its business domain from the perspective of the product portfolio and geographical coverage, while working to strengthen the business structure of this segment to the level appropriate for a global enterprise.

From a product portfolio point of view, the Company is broadening the scope of overseas operations of the segment by expanding the model lineup of tractors, construction machinery, and farm machinery as well as substantially diversifying the product lineup. Concerning diesel engines, which are key components in Kubota products, the Company is endeavoring to develop and manufacture its diesel engines in a timely manner that meets more stringent emission regulations to be introduced in Japan, North America, and Europe. Through this effort, the Company is enhancing the competitive edge of its diesel engine powered products and further expanding sales of diesel engines to other manufacturers.

From a geographical perspective, the Company is promptly implementing different strategies in North America, Europe, and Asia, responding to the regional characteristics of each market. In North America and Europe, which are currently the segment's principal markets, the Company is working to significantly enhance its product and service supply capabilities. In Asia outside Japan, where rapid market expansion is ongoing, the Company is moving forward actively with initiatives to strengthen the capabilities of its production and sales networks in Thailand and China. Through the full implementation of these initiatives, the Company is promoting the geographical diversification of the overseas operations of Internal Combustion Engine and Machinery.

Moreover, to prevail in intense competition and accelerate the expansion of overseas business activities, it will be essential to enhance the segment's business structure to enable it to outpace the competition in global markets. The Company will fortify production capacity in Japan and overseas to meet rising overseas demand while also training personnel who can carry out the work of a global enterprise, speed up R&D activities, and work to consistently enhance design and manufacturing capabilities as well as operating efficiency all with the objective of strengthening the segment's business structure from a comprehensive perspective.

(2) Restructuring the Public Works Related Businesses

The Company's public works related businesses are included in Pipes, Valves, and Industrial Castings and Environment Engineering. These businesses are confronting an exceptionally challenging operating environment because of the continuous cutbacks in public works investment. To respond effectively to changes in the operating environment, the Company is undertaking drastic restructuring in its business structure.

(a) Pipes, Valves, and Industrial Castings Segment to Step Up Initiatives to Expand Core Businesses

The Company has worked to strengthen its profitability by making drastic reductions in costs, including fixed expenses, bringing about major increases in productivity, and becoming thoroughly market-oriented and competitive. As a result of these efforts, the Company has been successful in raising the ratio of operating profitability to double-digit levels.

Going forward, to increase profits, the Company must actively focus on expanding core businesses while advancing into closely related areas as it strives to maintain and increase its earning power. This will require shifting the business activities from the public sector to the private sector, and also from the domestic market to overseas markets. The decision made at the end of the fiscal year under review to establish a joint venture in India for manufacturing ductile iron pipe is symbolic of what must be done in other product areas—shift the thrust of business development to the private sector and to opportunities overseas as a part of initiatives to further expand core businesses.

(b) Restructuring Environmental Engineering

The deterioration of the market environment and the intensification of competition in this segment have occurred faster than anticipated, thus creating a highly challenging set of operating conditions. In addition, the emergence of compliance issues has acted to accelerate deterioration in business performance, and the segment has fallen into a tough situation. To revitalize and restructure this segment, the Company is aggressively working to shift its business model and concentrate on its core competencies. Specifically, by developing its positions in the private sector and overseas markets, the Company is endeavoring to reduce dependency of this segment on the public sector while also promoting a shift from the plant engineering business to the sales and installation of machinery and equipment. In addition, by focusing on water-related businesses, the Company will work to make more efficient use of management resources in this segment and thereby promptly recover sound profitability and strengthen its business structure.

To make a successful transition to its new business model, the segment must have strong product development capabilities for stand-alone equipment and be cost-competitive. With this in mind, in April 2007, the Company formed the Environmental Equipment R&D Center. Through the activities of this new center, the Company intends to make the manufacturing technology and development capabilities nurtured by Internal Combustion Engine and Machinery available to this segment and, while taking thorough measures to lower costs, differentiate its technology from that of other companies.

(c) Moving toward Close Teamwork between the Two Segments

Both Pipes, Valves, and Industrial Castings and Environmental Engineering have core strengths in water-related products. By moving toward close teamwork between these segments, the Company will seek to realize synergies among their products and technologies and achieve greater operational efficiencies. The Company has taken specific measures in this direction by combining the organizations of the two segments within the parent company, beginning in April 2007. Going forward, by promoting the sharing of information related to products and technologies connected with "water" and strengthening teamwork in development and sales activities, the Company will work to increase the competitiveness of both segments.

(3) Management Based on Corporate Social Responsibility (CSR)

To achieve medium-to-long term growth and development, the Company must be an enterprise that continuously contributes to the sustainable development of society in harmony with the environment in addition to increasing its economic value. With this awareness, the Company is implementing CSR management as the most important management policy, and it pursues its corporate activities with a strong sense of responsibility regarding the economic, social, and environmental aspects of its activities as a global corporate citizen that responds positively to the expectations and trust of its various stakeholders.

Looking ahead, the Company will adhere strongly to its management principle: “The Kubota Group contributes to the development of society and the preservation of the earth’s environment through its products, technology, and services that provide the foundation for society and for affluent lifestyles.” To remain an upstanding and proud member of society, the Company will also strengthen its compliance, internal controls, and corporate governance, as well as ensure full adherence to these and other aspects of its activities that are basic to management in the spirit of CSR.

During the fiscal year under review, the management and staff of Kubota worked together and achieved the best performance in the Company’s history in terms of operating profit. However, we cannot rest here because of the many uncertainties in the operating environment. Various developments, such as concern about a slowdown in the U.S. economy, changes in the agricultural market in Japan as new government policies go into effect, continuing price hikes of raw materials, and the uncertainty of foreign currency exchange and interest rate movements, are expected to bring about changes that will have a major impact on the Company’s management and performance.

By responding quickly and appropriately to these changes in the operating environment and devoting our fullest energies to addressing the previously mentioned issues, we are committed to continuing to build our corporate value.

We thank you for your investment in Kubota and your continuing support in the years ahead.

(3) The financial position and the results of operations

1) Consolidated Financial Summary

Year (Period)	Year ended March 31, 2004 (114th)	Year ended March 31, 2005 (115th)	Year ended March 31, 2006 (116th)	Year ended March 31, 2007 (117th)
Revenues (in billions of yen)	939.2	994.5	1,065.7	1,127.5
Operating income (in billions of yen)	29.9	94.1	121.1	130.3
Income from continuing operations before income taxes, minority interests in earnings of subsidiaries, and equity in net income of affiliated companies (in billions of yen)	28.2	156.4	140.5	131.6
Net income (in billions of yen)	11.7	117.9	81.0	76.5
Net income per ADS (5 common shares) (in yen) (Basic)	44	446	311	295
Total assets (in billions of yen)	1,124.2	1,193.1	1,405.4	1,502.5
Shareholders' equity (in billions of yen)	391.1	481.0	606.5	659.6
Shareholders' equity per ADS (in yen)	1,459	1,850	2,334	2,554

ADS: American Depository Shares

Notes:

1. The consolidated financial statements of the Company have been prepared in accordance with accounting principles generally accepted in the United States of America.
2. The amounts have been rounded off to the nearest ¥0.1 billion except per ADS amounts and per ADS amounts have been rounded off to the nearest Yen.
3. Finance income and expenses from retail finance business were previously classified mainly into "Interest income" and "Interest expense". However, the Company currently classifies them into "Revenues" and "Cost of revenues", since the significance of retail finance business has been increasing and the business is becoming one of major or central operations of the Company. Accordingly, the reclassification has been made to the presentation of the prior year's statement of income.
4. Net income per ADS is calculated based on the weighted average number of outstanding common shares for the period. Shareholders' equity per ADS is calculated based on the number of outstanding common shares at the end of the period. These per ADS amounts have been calculated after deducting the number of shares of treasury stock.
5. In accordance with Statement of Financial Accounting Standards No. 144, "Accounting for the Impairment or Disposal of Long-Lived Assets," the prior year figures relating to discontinued operations have been separately reported in discontinued operations.

2) Financial Summary (Non-consolidated)

Year (Period)	Year ended March 31, 2004 (114th)	Year ended March 31, 2005 (115th)	Year ended March 31, 2006 (116th)	Year ended March 31, 2007 (117th)
Net sales (in billions of yen)	663.8	675.4	693.5	694.9
Operating income (in billions of yen)	41.8	56.8	74.7	72.5
Ordinary income (in billions of yen)	45.9	64.7	81.0	78.6
Net income (in billions of yen)	21.7	43.1	47.6	43.3
Net income per ADS (5 common shares) (in yen) (Basic)	81	163	182	167
Total assets (in billions of yen)	867.6	861.6	922.8	906.9
Net assets (in billions of yen)	383.9	397.9	484.7	492.3
Net assets per ADS (in yen)	1,432	1,529	1,864	1,906

Notes:

1. The amounts have been rounded down to the nearest ¥0.1 billion except per ADS amounts and per ADS amounts have been rounded off to the nearest Yen.
2. Net income per ADS is calculated based on the weighted average number of outstanding common shares for the period. Net assets per ADS are calculated based on the number of outstanding common shares at the end of the period. These per ADS amounts have been calculated after deducting the number of shares of treasury stock.
3. From the fiscal year ended March 31, 2007, Kubota Corporation adopted “Accounting Standard for Presentations of Net Assets in the Balance Sheet” (Accounting Standards Board of Japan Statement No. 5 issued on December 9, 2005) and “Guidance on Accounting Standard for Presentation on Net Assets in Balance Sheet” (Accounting Standard Board of Japan Guidance No. 8 issued on December 9, 2005).

(4) Main Subsidiaries and Affiliated Companies

	Name	Issued capital	Percentage of voting shares	Major operations
(Subsidiaries)				
1	Kubota Credit Co., Ltd.	¥0.3 billion	51.7 21.1*	Retail financing to purchasers of farm equipment, construction machinery and related products in Japan
2	Kubota-C.I. Co., Ltd.	¥3.0 billion	70.0	Manufacturing and sales of plastic pipes and fittings
3	Kubota U.S.A., Inc.	US\$167 million	100.0	Administration of subsidiaries in the U.S.A.
4	Kubota Tractor Corporation	US\$37 million	90.0*	Sales of tractors, small-sized construction machinery and other machinery in the U.S.A.
5	Kubota Credit Corporation	US\$8 million	10.0 90.0*	Retail financing to purchasers of tractors and related products in the U.S.A.
6	Kubota Manufacturing of America Corporation	US\$10 million	100.0*	Manufacturing and sales of small-sized tractors, lawn mower and utility vehicles
7	Kubota Engine America Corporation	US\$10 million	90.0*	Sales, engineering and after-sales service of engines, engine parts and engine accessories
8	Kubota Industrial Equipment Corporation	US\$20 million	100.0*	Manufacturing and sales of implements for tractors
9	Kubota Canada Ltd.	Can\$6 million	80.0	Sales of tractors, engines, small-sized construction machinery and other machinery in Canada
10	Kubota Metal Corporation	Can\$15 million	100.0	Manufacturing and sales of cast steel products in North America, mainly in Canada
11	Kubota Europe S.A.S.	EUR11 million	73.8	Sales of tractors, tillers, engines and small-sized construction machinery in Europe, mainly in France
12	Kubota Baumaschinen GmbH	EUR14 million	100.0	Manufacturing and sales of small-sized construction machinery in Europe, mainly in Germany
13	Kubota (Deutschland) GmbH	EUR3 million	80.0	Sales of tractors, tillers, engines and other machinery in Germany
14	Kubota (U.K.) Limited	£2 million	60.0	Sales of tractors, tillers, engines, small-sized construction machinery and other machinery in England and Ireland
15	The Siam Kubota Industry Co., Ltd.	208 million bahts	51.0	Manufacturing and sales of diesel engines and power tillers, and sales of tractors and other machinery in Southeast Asia, mainly in Thailand
(Affiliated Company)				
1	Kubota Matsushitadenko Exterior Works Co., Ltd.	¥8.0 billion	50.0	Manufacturing and sales of roofing and siding

*Indirect holding

Notes:

1. The number of consolidated subsidiaries is 118 (including 15 subsidiaries listed above), a decrease of four subsidiaries from the prior year. The number of affiliated companies is 24 (including 1 affiliated company listed above), a decrease of one from the prior year.
2. Consolidated financial results of fiscal year ended March 31, 2007 are described in “ . Item of Overview of Operations, (1) Review of Operations”.

(5) Main Line of Business (As of March 31, 2007)

The Company is conducting its businesses in four fields: Internal Combustion Engine and Machinery • Pipes, Valves, and Industrial Castings • Environmental Engineering and Other

Internal Combustion Engine and Machinery
Farm equipment (Tractors, Tillers, Power tillers, Combine harvesters, Reaper binders, Harvesters, Rice transplanters)
Ancillary tools and Implements for Agriculture (Implements, Attachments, Rice dryers, Mower, Vegetable production Equipment, Multipurpose warehouse, Rice mill, Electric scooter, Automatic rice cooker and other equipment for agricultural use)
Farm facilities (Cooperative facilities for rice drying and rice seedling, Gardening facilities, Cooperative separating facilities for fruits and vegetables, Rice mill plant)
Outdoor power equipment (Lawn and garden equipment, Lawn mower, Utility vehicle)
Engines (for farming, construction, industrial machinery and generators)
Construction machinery (Mini excavators, Wheel loaders, Carriers, Tractor shovels, Welders, Generators and other construction machinery related products)
Pipes, Valves, and Industrial Castings
Pipe systems (Ductile iron pipes, FW (Filament winding) pipes, Spiral welded steel pipes (Steel pipe pile, Steel pipe sheet pile), Preinsulated pipes, Plastic pipes (Unplasticized polyvinyl chloride pipe, Polyethylene pipe, Plastic lining steel pipe, Fittings and accessories), Valves (for water supply and sewerage systems, etc.)
Industrial castings (Reformer tubes, Hearth roll, G-Columns, G-Pile, Rolls for steel mills, Ceramics, TXAX (friction materials), Cast-iron drainage pipe, Single stack drain fitting, Ductile tunnel segment, Ductile frames)
Environmental Engineering
Water and sewage engineering plant (Waste water treatment equipments and plants, Water purification facilities, Sludge incineration and melting plants)
Waste engineering (Waste shredding, sorting and recycling plants, Waste incinerating and melting plants, Night-soil treatment plants)
Pumps (Furnishing and commissioning of pumping equipment for water supply, sewerage, irrigation and various fields, Small scale hydraulic power generating facility)
Membrane Solutions (Submerged membrane systems for night-soil and wastewater purification, Membrane methane fermentation unit)
Other
House relation (Roofing, Siding, Johkasou systems (Septic Tanks), Bathtubs, Condominiums)
Vending machines (for drinks, tobaccos and tickets)
Electronic equipped machinery (Scales, Weighing and measuring control system, CAD systems, Printing and vending machine for tickets)
Other (Air-conditioning equipment, Software, Design and construction of water supply and sewerage systems, engineering works and architecture)

(9) Material matters regarding the Company**1) Actions for the health hazard of asbestos**

The Company's actions taken for asbestos health hazard issue since April 2006 are as follows.

The Company will continuously cope with this issue faithfully from the view point of Corporate Social Responsibility as one of manufacturers that once manufactured asbestos-containing products.

(a) Relief payment

Kubota Corporation has established "Relief Payment System for the Asbestos-Related Patients and the Family Members of the Deceased near the Former Kanzaki Plant" on April 17, 2006 and paid the relief payments to 125 parties up to March 31, 2007.

(b) Actions for Medical support for asbestos-related diseases

Kubota Corporation has decided to contribute ¥1.7 billion in total to Hyogo College of Medicine and Osaka Medical Center for Cancer and Cardiovascular Diseases for the purpose of medical treatment and research of asbestos-related diseases in 10 years starting from the fiscal year ended March 31, 2007. Kubota Corporation has paid such a contribution allocated for the fiscal year ended March, 2007, before September 30, 2006.

2) Compliance issue regarding Act concerning Prohibition of Private Monopoly and Maintenance of Fair Trade

Kubota Corporation was sentenced to penalties for the violation of Act concerning Prohibition of Private Monopoly and Maintenance of Fair Trade (hereinafter "Anti-monopoly Law"), as follows. Kubota Corporation takes the penalties very seriously and apologizes for giving the great concern to shareholders.

(a) Kubota Corporation entered into the consent order with the Fair Trade Commission on October 2, 2006, for the violation of Anti-monopoly Law in engineering works for sewage pump system ordered by Tokyo Metropolitan Government Bureau of Sewerage.

In relation to this consent order, Kubota Corporation was ordered by the Kinki Regional Development Bureau of the Ministry of Land, Infrastructure and Transport, to suspend its sales activities of engineering works regarding machinery and equipment in Metropolis of Tokyo (Suspension Period: 15 days from January 24, 2007 to February 7, 2007).

(b) The Fair Trade Commission filed a criminal prosecution against Kubota Corporation to the prosecutor's office for the alleged violation of Anti-monopoly Law in the bidding for the night soil treatment plant construction and Kubota Corporation and the employee concerned (at that time) were indicted on June 12, 2006.

Osaka District Court adjudicated Kubota Corporation and the former employee concerned to be guilty and Kubota Corporation and the former employee concerned accepted this adjudication on April 23, 2007.

Kubota Corporation integrated Industrial & Material Systems Consolidated Division and Environmental Engineering Consolidated Division into "Water, Environment & Infrastructure Consolidated Division" on April 1, 2007. The Company will continue to thoroughly reinforce its organizational structure, with a corporate compliance being top of mind, and cope with restructuring its businesses with such a firm determination that if certain business of the Company causes or is charged to cause compliance problem, the Company may decide to withdraw from such business. The Company cordially thanks and asks all investors in advance for continued understanding and support.

. Item on Shares of Kubota Corporation

(1) Stock Data

- 1) **Total number of Authorized Common Shares:** 1,874,700,000 shares
 2) **Total number of Common Shares Outstanding:** 1,291,919,180 shares
 (including 38,365 shares of treasury stock)

Notes: Kubota Corporation has retired shares of common stock on March 30, 2007. Total number of shares authorized on March 31, 2007 decreased by 7,950,000 shares compared with the prior year.

Mr. Yoshio Suekawa also attended the regular meeting with President and expressed opinions.

. Independent Auditor

(1) Name of Independent Auditor

Deloitte Touche Tohmatsu (Japanese member firm of Deloitte Touche Tohmatsu, Swiss Verein)

(2) Compensation for the Independent Auditor for the fiscal year ended March 31, 2007

1) Amount of compensation provided for the fiscal year ended March 31, 2007	¥185 million
2) Total amount of cash and other financial benefits payable by Kubota Corporation and its subsidiaries to the Independent Auditor	¥219 million

Notes:

1. The compensation for auditing are not divided into the compensation related to Corporate Law and the compensation related to Securities and Exchange Law in the audit contract between Kubota Corporation and the Independent Auditor, and it cannot be divided into the two portions. Therefore, the amount 1) described above is a total amount of the two portions.
2. Kubota Corporation paid fees to the Independent Auditor for the services related to establishing internal control of the Company, which are not services specified in Article 2 Paragraph 1 of the certified public accountant law.
3. Kubota Tractor Corporation and other 12 important subsidiaries are audited by independent auditors different from the independent auditor of Kubota Corporation.

(3) Policies for Determining Dismissal or Non-reelection of Independent Auditor

The Board of Corporate Auditors examines the dismissal or non-reelection of the Independent Auditor if Kubota Corporation believes that it infringes upon or contravenes laws and regulations such as the Corporate Law, Certified Public Accountant Law, or other laws. If the Board of Corporate Auditors determines that the dismissal or non-reelection is reasonable, it submits, in accordance with the rules and regulations for the Board of Corporate Auditors, a request to the Board of Directors to include the “dismissal or non-reelection of accounting auditor” in the agenda of the ordinary general meeting of shareholders.

. Item of Systems to be developed to Establish Internal Control Systems

Kubota Corporation has set and is implementing the following nine systems to ensure the propriety of our business operations:

1. System to ensure that Directors and employees perform their duties in compliance with laws and regulations, and the articles of incorporation

As the basis of a system to ensure that Directors and employees perform their duties in compliance with laws and regulations, and the articles of incorporation, Kubota Corporation establishes the “Charter for Action” and “Code of Conduct” to be observed by all Directors and employees of Kubota Corporation and its subsidiaries.

Organizationally, Kubota Corporation creates a Corporate Compliance Headquarters and CSR Planning & Coordination Dept. under the supervision of the Director in charge of Corporate Staff Section, which undertakes such activities as education and training to promote compliance with laws and ethics, and Kubota Corporation also performs internal audits.

In addition, Kubota Corporation sets up the “Kubota Hotline,” a service counter for in-house whistle blowing and consultation that is equipped with rules to protect whistle blowers, to discover at an early stage any improper conduct that infringes on laws or other regulations and to prevent such infringements from occurring.

2. System related to the holding and control of information about Kubota Corporation’s Directors execution of their duties

Kubota Corporation properly keeps and controls information on the execution of duties by the Directors in accordance with its in-house rules and regulations, such as rules and regulations on custody of documents and other items. Kubota Corporation also maintains a standard by which such documents are available for examination, as necessary.

3. Rules and regulations on the management of risks of losses and other systems

Kubota Corporation manages risks of compliance, environment, health and safety, disasters, quality, and other risks relating to the performance of business operations by establishing responsible departments or committees for each category of risks, and by providing rules and regulations, manuals, and other guidelines to respond to such risks.

The Director in charge of the relevant duties issues instructions to respond to new risks in which there is no responsible unit in place.

4. System to ensure the efficient execution of duties by the Directors

The Board of Directors decides management execution policy, matters set in laws and regulations and other important matters regarding management, and oversees Directors execution of their duties.

Kubota Corporation enhances our decision-making process by having adequate discussions in “management committee”, with the participation of the President and other Directors, to decide important management matters. Kubota Corporation also implements multidimensional studies in an “investment council,” mainly consisting of Directors in charge of indirect departments, to discuss important investment projects. The results of these discussions are reported to the Board of Directors to enhance the effectiveness of the system.

5. System to ensure proper business operations within Kubota Corporation, consisting of Kubota Corporation and its subsidiaries

To create a control environment for Kubota Corporation, Kubota Corporation establishes the “Charter for Action” and “Code of Conduct” and shares these philosophies. To ensure proper business operations of Kubota Corporation, including its subsidiaries, Kubota Corporation sets its in-house rules and establishes proper internal control systems. The internal auditing department audits the status of establishment and operation of internal control systems especially over financial reporting after self-audits by each department, and reports the results to the Directors in charge, the President and Corporate Auditors.

Kubota Corporation manages its subsidiaries in accordance with “Rules and Regulations for Subsidiaries and Affiliated Companies” in order to keep their proper operations.

6. System for Directors and employees to report to Corporate Auditors and other systems related to reports to Corporate Auditors

The Directors and employees report the following matters to the Corporate Auditors without delay, in addition to the matters that need to be reported in accordance with laws and regulations:

- (a) Matters that could affect Kubota Corporation's management;
- (b) Contents of internal audits performed by the internal auditing department and by the relevant departments of Head Office;
- (c) Contents of whistle blowing revealed in the "Kubota Hotline"; and
- (d) Other matters requested by the Board of Corporate Auditors or Corporate Auditors

7. Matters related to employees who are requested to assist Corporate Auditors in their duties

Kubota Corporation establishes an office of Corporate Auditors and assigns employees to exclusively support the Corporate Auditors perform their duties.

8. Independence of employees in Item 7. above from the Directors

Assignment or other handling of the employees in Item7. is made after consultation and agreement between the Director in charge of Personnel Dept. and the Corporate Auditors.

9. Other systems to ensure effective audits by the Corporate Auditors

- (a) The President and Representative Director of Kubota Corporation has meetings with the Corporate Auditors periodically, and as needed, to exchange views on matters that Kubota Corporation must deal with, the improvement of audit environments, and other issues.
- (b) The Corporate Auditors explain the audit policies and audit plan to the Board of Directors, and the Directors make efforts to improve communication with the Corporate Auditors to enhance the exchange of information and establish an effective cooperation with the Corporate Auditors.

In April 2007, as part of our efforts to promote Items 3. and 5., Kubota Corporation started operating internal control systems including the design of in-house rules (rules and regulations), which are the basis for "proper performance of business operations."

Kubota Corporation always asks our Directors and employees to commit themselves to "performing the right job" by observing Kubota Corporation's rules and regulations, and Kubota Corporation tries our best to further promote internal controls of Kubota Corporation.

. Policy on appropriation of retained surplus

Kubota Corporation 's basic policy for the return of profit to shareholders is to maintain stable dividends or raise dividends together with share buy-back and cancellation of treasury stock. Kubota Corporation recognizes returning profit to shareholders is one of the most important missions and will strive to expand it, considering requirements of maintaining sound business operations as well as adapting to the future business environment.

Kubota Corporation decided at the Board of Directors' Meeting held on May 11, 2007 that Kubota Corporation would pay ¥35 year-end dividend per American Depositary Share (ADS) on June 25, 2007. As a result, the annual dividend per ADS for the fiscal year ended March 31, 2007 will be ¥60, an increase of ¥10 from the fiscal year ended March 31, 2006.

Notice of year-end dividend	
1) Amount of year-end dividend	¥35 per ADS (Total ¥ 9,043,165,705)
2)Record date of year-end dividend	March 31, 2007
3)Payment date	Monday, June 25, 2007
4)Resource of year-end dividend	Retained earnings

Notes of Consolidated Financial Statements

Significant Accounting Policies

1. Basis of Preparation of Consolidated Financial Statements

The consolidated financial statements are prepared in accordance with generally accepted accounting principles in the United States ("US GAAP") pursuant to the provision of the Corporate Law Accounting Regulations Article 148 Paragraph 1. Certain supplementary material and notes required under US GAAP are omitted pursuant to the same provision.

2. Valuation of Inventories

Inventories are mainly stated at the lower of cost which is determined by the moving-average method, or market.

3. Valuation of Securities

The Company has adopted the Statement of Financial Accounting Standards ("SFAS") No. 115, "Accounting for Certain Investments in Debt and Equity Securities".

Available-for-sale securities are stated at fair value based on market prices at fiscal year-end and similar. Any changes in unrealized holding gains or losses are included directly in stockholders' equity, and cost of securities sold is determined by the moving-average method.

4. Depreciation of Fixed Assets

Depreciation of tangible fixed assets is mainly computed by using the declining-balance method.

Depreciation of intangible fixed assets is computed by using the straight-line method. Pursuant to SFAS No. 142, "Goodwill and Other Intangible Assets," the Company performs impairment test at least once per year on goodwill which should not be amortized.

5. Basis of Provision for Allowance

The allowance for doubtful accounts is provided for possible bad debt at an amount determined based on the historical experience of bad debt for normal receivables; in addition, an estimate of uncollectible amounts is made by reference to specific doubtful receivables from customers which are experiencing financial difficulties.

Accrued employees' retirement benefits are provided for payments of retirement benefits in accordance with SFAS No.87, "Employers' Accounting for Pensions" and SFAS No.158, "Employers' Accounting for Defined Benefit Pension and Other Postretirement Plans" based on the fair value of both projected benefit obligations and plan assets at year-end. The unrecognized prior service costs are amortized by the straight-line method over the average remaining years of service of the employees. The Company recognizes actuarial gains and losses in excess of 20% of the larger of the projected benefit obligation or plan assets in the year following the year in which such gains and losses were incurred, and amortizes actuarial gains and losses between 10% and 20% over the average participants' remaining service period.

(A Change in Accounting Policies)

The Company adopted SFAS No.158 from the fiscal year ended March 31, 2007. The Company recognizes its overfunded or underfunded status of the defined benefit postretirement plan as an asset or liability in the consolidated balance sheets with a corresponding adjustment to accumulated other comprehensive income, net of tax. The statement replaced SFAS No.87 which required to report at least minimum pension liability measured as excess of the accumulated benefit obligation over the fair value of the plan assets. Adoption of SFAS No.158 had no impact on the consolidated results of operations.

6. Classification of finance income and expenses from retail finance business

Finance income and expenses from retail finance business were previously classified mainly into "Interest income" and "Interest expense" in other income (expenses). However, the Company currently classifies them into "Revenues" and "Cost of revenues", since the significance of retail finance business has been increasing and the business is becoming one of major or central operations of the Company. Accordingly, the reclassification has been made to the presentation of the prior year's statement of income.

7. Discontinued Operations

The Company accounts for discontinued operations in accordance with SFAS No.144, "Accounting for the Impairment or Disposal of Long-Lived Assets" and presents the results of discontinued operations as a separate line item in the consolidated statements of income under loss from discontinued operations, net of taxes. The figures of the consolidated statement of income for the prior year related to the discontinued operations have been separately reported from the ongoing operating results to conform with the current year presentation.

8. Certain reclassifications have been made to the prior year's consolidated financial statements which are provided for reference to conform with classifications used in 2007.

9. Consumption taxes are accounted for as deposits received or deposits paid.

Notes to Consolidated Balance Sheets

1. The amounts in the statements have been rounded off to the nearest million yen.

2. Accumulated other comprehensive income includes foreign currency translation adjustments, unrealized gains (losses) on securities, pension liability adjustments and unrealized gains (losses) on derivatives.

3. Assets pledged as collateral

Notes receivable	¥456 million
Accounts receivable	¥2,524 million
Finance receivable	¥117,835 million
Tangible fixed assets	¥9,646 million

4. Notes discounted ¥3,434 million

5. Loan guaranteed ¥949 million

6. With regard to the sales of ductile iron straight pipe in Japan, the Company received a surcharged order of ¥7,072 million from the Fair Trade Commission of Japan based on Anti-monopoly Law on December 24, 1999. In an effort to appeal, the Company has filed a petition for the hearing initiation of procedures. As a result of the decision to begin the procedures, afore-mentioned surcharge order has been temporarily however suspended; the hearing on the surcharge is again under progress.

Notes to Consolidated Statements of Income

1. The amounts in the statements have been rounded off to the nearest million yen.

2. Net income per ADS ¥295

Note to Consolidated Statement of Shareholders' Equity

1. The amounts in the statements have been rounded off to the nearest million yen.

(*) Item of appropriation of retained earnings at the Ordinary General Meeting of Shareholders in June, 2006.

Notes of Financial Statements (Non-consolidated)

Significant Accounting Policies

1. Valuation of Securities

Investments in subsidiaries and affiliates are stated at cost, which is determined by the moving-average method.

Marketable securities classified as other securities are stated at fair value based on market prices at fiscal year-end and similar. Any changes in unrealized holding gains or losses are included directly in stockholders' equity, and cost of securities sold is determined by the moving-average method.

Non-marketable securities classified as other securities are stated at cost, which is determined by the moving-average method.

2. Valuation of Inventories

Inventories are stated at cost, which is determined by the moving-average method. Finished goods and work-in-process which are manufactured under specific production orders are stated at cost, which is determined by the specific cost method.

3. Depreciation Method of Fixed Assets

Depreciation of tangible fixed assets is computed by using the declining-balance method.

Depreciation of intangible fixed assets is computed by using the straight-line method. With regard to internal-use software, depreciation is computed by using the straight-line method based on availability period in the Company (five years).

4. Basis for Allowances

The allowance for doubtful receivables is provided for possible bad debt at an amount determined based on the historical experience of bad debt for normal receivables; in addition, an estimate of uncollectible amounts is made by reference to specific doubtful receivables from customers which are experiencing financial difficulties.

Reserve for warranty costs is provided based on an analysis of the historical data of costs to perform under product warranties, under which Kubota Corporation generally guarantees the performance of products delivered.

Accrued directors' bonuses is provided for bonuses payment to directors based on an estimated amount incurred during the fiscal year ended March 31, 2007.

Liabilities for severance payments to the employees are provided for payments of retirement benefits based on the retirement benefit obligation and the fair value of the pension plan assets at year-end. Prior service costs are amortized by the straight-line method over the average remaining years of service of the employees. Actuarial gains or losses are amortized in the years following the year in which gains or losses are recognized by the declining-balance method over the average remaining years of service of the employees.

Allowance for losses from guarantees of loans is provided for possible losses related to guarantees for liabilities at the estimated amount in view of financial conditions of the guaranteed companies.

5. Consumption taxes are accounted for as deposits received or deposits paid.

Notes to Change in Accounting Policies

1. Accounting standard for directors' bonuses

Effective from the fiscal year ended March 31, 2007, the Company adopted "Accounting Standard for Directors' Bonus" (Accounting Standards Board of Japan ("ASBJ") Statement No. 4 issued on November 29, 2005). As a result, Operating income, Ordinary income, Income before income taxes has decreased by ¥212 million respectively.

2. Accounting standard for presentation of net assets in the balance sheet

Effective from the fiscal year ended March 31, 2007, the Company adopted "Accounting Standard for Presentations of Net Assets in the Balance Sheet" (ASBJ Statement No. 5 issued on December 9, 2005) and "Guidance on Accounting Standard for Presentation on Net Assets in Balance Sheet" (ASBJ Guidance No. 8 issued on December 9, 2005). The equivalent amount of the total Shareholders' equity regulated formerly is ¥492,368 million.

The reclassification in accordance with the display of this year has been made to the presentation of the prior year's balance sheets.

Notes to Change in Presentation

The estimated losses from investments in and advances to subsidiaries and affiliated companies were previously displayed as “Loss from impairment of stock and other investment in subsidiaries and affiliated companies”. However, the Company reconsidered the components of the losses and currently displays them as “Loss from investments on subsidiaries and affiliated companies” to represent the components more appropriately.

Notes to Balance Sheets

- The amounts in the statements have been rounded down to the nearest million yen.
- Receivables from subsidiaries and affiliated companies and payable to subsidiaries and affiliated companies
 - Short-term receivables from subsidiaries and affiliated companies ¥168,465 million
 - Long-term receivables from subsidiaries and affiliated companies ¥32,402 million
 - Short-term payables to subsidiaries and affiliated companies ¥29,614 million
- Accumulated depreciation of tangible fixed assets
(including accumulated impairment losses) ¥319,682 million
- Contingent Liabilities:
 - Loans guaranteed
 - Guarantee for borrowings of subsidiaries and affiliated companies from bank 5 domestic sales companies of farm equipment ¥45 million
 - Kubota Metal Corporation ¥1,018 million
 - Others (27 companies) ¥1,121 million
 - Total ¥2,184 million
 - Notes discounted ¥750 million
- (3) With regard to the sales of ductile iron straight pipe in Japan, the Company received a surcharged order of ¥7,072 million from the Fair Trade Commission of Japan based on the Anti-Monopoly Law on December 24, 1999. In an effort to appeal, the Company has filed a petition for the hearing initiation of procedures. As a result of the decision to begin the procedures, afore-mentioned surcharge order has been temporarily however suspended; the hearing on the surcharge is again under progress.
- Balance at March 31, 2007 includes the matured bill because the day at the end of the fiscal year was a holiday.
 - Notes receivable ¥7,068 million
 - Notes payable ¥1,467 million

Notes to Statements of Income

- The amounts in the statements have been rounded down to the nearest million yen.
- Transactions with subsidiaries and affiliated companies
 - Sales to subsidiaries and affiliated companies ¥291,571 million
 - Purchases from subsidiaries and affiliated companies ¥65,872 million
 - Purchases from other transactions with subsidiaries and affiliated companies ¥599 million

Notes to Statement of changes in Net Assets

- The amounts in the statements have been rounded down to the nearest million yen.
- Type and number of shares outstanding

Type of shares	Number of shares as of March 31, 2006 (thousand)	Number of shares increased (thousand)	Number of shares decreased (thousand)	Number of shares as of March 31, 2007 (thousand)
Common stock	1,299,869	-	7,950	1,291,919

Note:

The number of shares decreased is as follows.

The decrease due to the retirement of shares under the resolution
at the Board of Directors' Meeting held on March 23, 2007

7,950 thousand shares

3. Type and number of treasury stock

Type of shares	Number of shares as of March 31, 2006 (thousand)	Number of shares increased (thousand)	Number of shares decreased (thousand)	Number of shares as of March 31, 2007 (thousand)
Common stock	23	7,977	7,962	38

Notes:

1. The number of shares increased is as follows.

The increase due to the retirement of shares under the resolution at the Board of Directors' Meeting held on June 23, 2006 4,700 thousand shares

The increase due to the retirement of shares under the resolution at the Board of Directors' Meeting held on December 15, 2006 3,100 thousand shares

The increase due to the purchase of shares constituting less than one full unit 177 thousand shares

2. The number of shares decreased is as follows.

The decrease due to the retirement of shares under the resolution at the Board of Directors' Meeting held on March 23, 2007 7,950 thousand shares

The decrease due to sales of shares constituting less than one full unit 12 thousand shares

4. Dividend

(1) Details of dividend paid

Date of resolution	Type of shares	Total amount of dividend (million)	Dividend per ADS	Record date	Date of payment
Ordinary General Meeting on June 23, 2006	Common stock	¥7,799	¥30	March 31, 2006	June 23, 2006
Board of Directors' Meeting on November 7, 2006	Common stock	¥6,475	¥25	September 30, 2006	December 5, 2006

(2) Dividend that the date of payment is in the next fiscal year among the dividend that the record date is in the fiscal year.

Date of resolution	Type of shares	Total amount of dividend (million)	Resource of dividend	Dividend per ADS	Record date	Date of payment
Board of Directors' Meeting on May 11, 2007	Common Stock	¥9,043	Retained earnings	¥35	March 31, 2007	June 25, 2007

Notes to Deferred Income Tax

1. Significant components of deferred tax assets

Accrued enterprise tax	¥1,474 million
Accrued bonus	¥4,520 million
Reserve for warranty costs	¥1,323 million
Liabilities for severance payments to the employees	¥15,616 million
Impairment losses on securities	¥15,246 million
Other	¥6,180 million
Total deferred tax assets	¥44,362 million

2. Significant components of deferred tax liabilities

Adjustment of cost variance	¥(457) million
Reserve for special depreciation	¥(24) million
Unrealized holding gain on securities	¥ (65,876) million
Other	¥(13) million
Total deferred tax liabilities	¥ (66,371) million
Net deferred tax liabilities	¥ (22,008) million

Notes to finance lease transactions

1. Acquisition costs	¥13,420 million
2. Accumulated depreciation	<u>¥6,293 million</u>
3. Future minimum lease payments	<u>¥7,127 million</u>
(Current portion of future minimum lease payments included above)	¥3,489 million)
4. Lease expenses (Depreciation expense)	¥3,803 million

(Note) Acquisition costs and future minimum lease payments include interest expense since the balance of future minimum lease payments accounts for only a small percentage of tangible fixed assets as of the balance sheet date.

Notes to related party transactions

1	Type	Subsidiary	Subsidiary	Subsidiary		
2	Name	Kubota Tractor Corporation	Kubota Engine America Corporation	Kubota Credit Co., Ltd.		
3	Location	California, U.S.A.	Illinois, U.S.A.	Osaka, Japan		
4	Common stock	US\$37 million	US\$10 million	¥350 million		
5	Operations	Sales of tractors, small-sized construction machinery and other machinery in the U.S.A.	Sales, engineering and after-sales service of engines, engine parts and engine accessories	Retail financing to purchasers of farm equipment, construction machinery and related products in Japan		
6	Percentage of voting shares	90.0*	90.0*	51.7 21.1*		
7	Relationship	Sales of products of Kubota, Interlocking Directors	Sales of products of Kubota, Interlocking Directors	Retail Financing, Interlocking Directors		
8	Contents of transaction	Sales of tractors and other machinery (Note 1, 2)	Sales of engines and other products (Note 1)	Lending (Note 3, 4)	Interest receipt (Note 3)	
9	Amount of transaction (¥ million)	103,278	41,631	49,308	342	
10	Accounts	Trade accounts receivable	Trade accounts receivable	Short-term loans receivable	Long-term loans receivable	Other current assets
11	Balance, March 31, 2007 (¥ million)	28,363	12,379	25,750	20,000	37

* Indirect holding

Regarding amount in the above table, amount of transaction does not include consumption tax and balance at March 31, 2007 includes consumption tax.

Terms and conditions of business and decision policies of terms and conditions of business and others

Notes:

- Regarding product sales, suggested price are proposed by Kubota Corporation and transaction price are decide after price negotiation in consideration of market price and total cost.
- Regarding amount of transaction and balance at March 31, 2007, amount of transactions by the intermediary Marubeni America Corporation is included.
- Regarding lending, Kubota decides interest reasonably in consideration of market interest rate.
- Regarding amount of transaction, the average balance during the fiscal year is listed because it is difficult to figure out due to repetitive transaction.

Notes to per ADS information

1. Net assets per ADS	¥1,906
2. Net income per ADS	¥167

Koichiro Tsukuda

Pursuant to the fourth clause of Article 444 of the Corporate Law, we have audited the consolidated financial statements, namely, the consolidated balance sheet as of March 31, 2007 of Kubota Corporation and consolidated subsidiaries ("the Company"), and the related consolidated statements of income and shareholders' equity, and the related notes for the fiscal year from April 1, 2006 to March 31, 2007. These consolidated financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these consolidated financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in Japan. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the consolidated financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the consolidated financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall consolidated financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the consolidated financial statements referred to above present fairly, in all material respects, the financial position of the Company as of March 31, 2007, and the results of its operations for the year then ended in conformity with the recognition and measurement criteria of accounting principles generally accepted in the United States of America, as modified by the first clause of Article 148 of the accounting regulation of the Corporate Law of Japan (Refer to Note 1, Basis of Preparation of Consolidated Financial Statements of Significant Accounting Policies).

Our firm and the engagement partners do not have any financial interest in the Company for which disclosure is required under the provisions of the Certified Public Accountants Law.

The above represents a translation, for convenience only, of the original report issued in the Japanese language.

Pursuant to the first item, second clause of Article 436 of the Corporate Law, we have audited the financial statements, namely, the balance sheet as of March 31, 2007 of Kubota Corporation ("the Company") and the related statements of income and changes in net assets, and the related notes for the 117th fiscal year from April 1, 2006 to March 31, 2007, and the accompanying supplemental schedules. These financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in Japan. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements and the accompanying supplemental schedules are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements and the accompanying supplemental schedules. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement and the accompanying supplemental schedules presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the financial statements and the accompanying supplemental schedules referred to above present fairly, in all material respects, the financial position of the Company as of March 31, 2007, and the results of its operations for the year then ended in conformity with accounting principles generally accepted in Japan.

Our firm and the engagement partners do not have any financial interest in the Company for which disclosure is required under the provisions of the Certified Public Accountants Law.

Transcript Copy of the Audit Report of the Board of Corporate Auditors

(TRANSLATION)

AUDIT REPORT

In respect of the execution of duties of the Directors during the 117th fiscal year from April 1, 2006 to March 31, 2007, the Board of Corporate Auditors (hereinafter “we”), following the discussion among us, have prepared this audit report based on the audit report prepared by each Corporate Auditor, and hereby report as follows, :

1. Methods and details of audits by Corporate Auditors and the Board of Corporate Auditors

We have formulated an audit policy, sharing of duties among auditors, and other audit-related items. We have received reports from each Corporate Auditor on the implementation and results of audits, and received reports from the Directors of Kubota Corporation, the Independent Auditor, and other parties on their execution of duties, and requested explanations from them when necessary.

In accordance with the Standards for Auditing by Corporate Auditors, the audit policy, sharing of duties among auditors, and other audit-related items that were determined by us, each Corporate Auditor: communicated well with Directors, the internal auditing department, other employees, and other bodies; gathered information and improved the audit environment; attended the Board of Directors meetings and other important meetings; received reports from Directors and other employees on their execution of duties; requested explanations from them when necessary; reviewed documents concerning matters such as important decisions; and conducted inspections of the business and financial condition at Kubota Corporation’s Head Office and other principle offices. Each Corporate Auditor also monitored and verified: the Board of Directors’ resolution on a system to ensure that the directors’ execution of their duties comply with laws and Kubota Corporation’s Articles of Incorporation, and also comply with the establishing and improving structure prescribed in the Corporate Law Enforcement Regulation Article 100 Paragraphs 1 and 3 to ensure that joint-stock company’s operations are carried out appropriately; and a system (internal control systems) established based on the said resolution. Each Corporate Auditor strove to communicate well and exchange information with the subsidiaries’ Directors and Corporate Auditors, and inspected some subsidiaries whenever necessary. Through these methods, each Corporate Auditor examined the business report for the 117th period and the supplementary schedules for the fiscal year under review.

In addition, we monitored and verified whether the Independent Auditor made appropriate audits while maintaining its independence. We received reports from the Independent Auditor on its operations, and requested explanations when necessary. The Independent Auditor notified us and we requested its explanations when necessary, concerning its establishment of a “System for Ensuring the Appropriate Execution of Duties” (the Corporate Calculation Regulations Article 159) in accordance with the “Quality Control Standards for Audits” (issued by the Business Accounting Council on October 28, 2005). Through these methods, we reviewed the financial statements (balance sheets, statements of income, statement of changes in net assets and notes of non-consolidated financial statements) and the supplementary schedules, as well as the consolidated financial statements (consolidated balance sheets, consolidated statements of income, consolidated statement of shareholders’ equity and notes of consolidated financial statements), for the fiscal year under review.

2. Results of the Audit:

(1) Results of the Audit for the Business Report for the 117th Period

- 1) We have found that the business report for the 117th period and the supplementary schedules present fairly the current position of Kubota Corporation in conformity with applicable laws and regulations and the Articles of Incorporation.
- 2) With respect to the execution of duties of the Directors, we have found neither improper conduct nor any material breach of applicable laws and regulations and the Articles of Incorporation.
- 3) We have found that the resolutions of the Board of Directors regarding the internal control system are proper and correct. We have found nothing that needs to be pointed out concerning the Directors’ performance of their duties regarding the internal control system.

(2) Results of the Audit for the financial statements and the supplementary schedules

We have found that the auditing methods employed by Deloitte Touche Tohmatsu, Independent Auditor, and the results thereof are appropriate and sufficient.

(3) Results of the Audit for the consolidated financial statements

We have found that the auditing methods employed by Deloitte Touche Tohmatsu, Independent Auditor, and the results thereof are appropriate and sufficient.

			June, 2000;	General Manager of Finance & Accounting Dept.
			July, 1998;	General Manager of Accounting Dept.
April, 1970;	Joined Kubota Corporation			
2	Masanobu Wakabayashi (January 19, 1944)	0 Shares	Chairman of Osaka Prefectural Labour Relations Commission, Representative of Masanobu Wakabayashi Law Office	
			March 2004;	Chairman of Osaka Prefectural Labour Relations Commission (to present)
			April 1993;	Vice President of Osaka Bar Association
			April 1979;	Established Masanobu Wakabayashi Law Office (to present)
			April 1970;	Registered as an attorney with Osaka Bar Association

Notes:

1. No conflict of interest exists between Kubota Corporation and any of the above candidates for Corporate Auditors.
2. Mr. Masanobu Wakabayashi is a candidate of the Outside Corporate Auditor.
3. Kubota Corporation asked Mr. Masanobu Wakabayashi to be elected Outside Corporate Auditor because Kubota Corporation considered that he could advise and audit management overall from a wide-ranging viewpoint with his adequate experience as an attorney.

3rd Subject for discussion:

Matters concerning bonus payments for Directors

Kubota Corporation will pay directors' bonuses (¥212 million) for 21 Directors at the end of the fiscal year ended March 31, 2007, in consideration with results of operations for the fiscal year ended March 31, 2007.

Kubota Corporation asks shareholders to entrust the amount of payment to each Director which will be resolved at the Board of Directors.
