## 5. Environmental Topics

1. We will start to build up the 14001 structure in order to clarify the needed requirement and work according to the standard, the goal is to be ISO 14001 certified in 2-3 years time.
2. We are looking into the possibility of reduction water in the preparation for coating. New coating system is being calculated.

## 6. Environmental Communication

1. We will train employees to sort environmental waste at the work stations by using dedicated waste bins for the purpose.
